CHARING HEALTHCARE

committed to care and support

Welcome to Park View

Park View Care Home has been purpose built within the grounds of the former Municipal Buildings, Canterbury Street complementing Charing House; it has been tastefully built as a Care Home to an extremely high specification and provides care for up to 44 people living with dementia. The Home stands in its own grounds and has the added benefit of being adjacent to Gillingham Park. There is a good bus service with a bus stop immediately outside the Home, less than a mile away is the train station and a variety of shops just 5 minutes walk away.

We offer all our clients 3 meals a day, which are breakfast, lunch and high tea, as well as snacks and refreshments throughout the day. We offer a variety of dishes to choose from our menu each day for each meal. Park View has a seasonal menu, which works on a 4 weekly cycle. All our food is freshly brought in, homemade and nutritionally balanced, which we feel is very important. Our menu's may vary slightly depending on the client's needs/likes.

There is a passenger carrying lift to all floors in both buildings for those unable to manage stairs. The Home has been designed and furnished to ensure wheelchair access in all rooms, and most bathrooms contain either a static bath or a shower tray and are large enough to accommodate lifting aids. The Home has a variety of specialist equipment required to care for our clients. All rooms are fitted with a nurse call system and pressure mats in some rooms which are linked to the call system, a telephone and aerial point, and a suite of furniture one of which has a lockable facility should the client wish to maintain safe keeping for personal effects.

CHARING HEALTHCARE

committed to care and support

We believe that coming into a care home should be as smooth as possible and our residents made to feel that they have a home from home experience. Where practicable and safe, we will consider whether or not residents can bring in their own pets from home but this would be at the discretion of the General Manager and would involve a risk assessment having to be completed.

Park View Suites

Park View Suite's is a separate building, but still linked to Park View, which is also on the grounds of the former Municipal Building. Park View Suite's contains 8 Bedsits, 4 out of the 8 apartments are double rooms for couples or those wishing to share (E.g. with a partner or sibling) and the other 4 are large single rooms. Park View Suite's has its own communal kitchenette/Dining area where clients may choose to eat and a communal lounge where clients may choose to relax.

Making The Right Choice

Our Aims and Objectives.

- ◆ We aim to provide a home from home environment with appropriate care and support from a well trained staff team to enable you to continue living your life in a safe and happy home 24 hours a day for as long as you need to..
- ◆ We will ensure that we work with you and your family, friends, advocates and other professionals involved in your life in gathering all the information we need to make sure we can meet your needs.
- ◆ We will build your Plan of care or Support Plan to reflect the information gathered so that everyone who needs to know can support you in your care needs as an individual.
- ◆ We will strive to meet and indeed exceed the Fundamental Standards of Quality and Safety as detailed within the Health and Social Care Act 2008 by:
 - conducting regular reviews and close monitoring of our services
 - welcoming complaints and compliments
 - listening to your views
 - acting on your views and comments in a timely fashion
- ◆ We want our residents and their families to be reassured that they are in a “Home for Life” but only where we can demonstrate that we can continue to meet that individual’s needs.
- ◆ Where an increase in needs is such that we cannot realistically and safely continue caring for an individual we will ensure that all the appropriate professionals are involved, we will support that resident and their family in finding alternative accommodation.

Further Questions & Answers

Information is essential to enable us to make informed decisions. In 1998 the Office of Fair Trading surveyed nearly 1000 residents of care homes, they found that fewer than 1 in 4 had received, or remembered receiving, any written information about the home before they moved in. Leaving your home and its familiar surroundings to move into a care home is a big step. It is therefore important that you look at all the choices that you have available to you first and find one that suits your needs before you make a decision

A: A majority of our rooms have en-suite facilities, there are some rooms due to the nature of the building and layout we could not incorporate an en-suite facility, but all rooms have a vanity unit. Q: Can I lock my room?

A: Yes, everyone has the right to have a lock on his or her door.
