## March 2018 Issue

Originally built in the 18<sup>th</sup> century, Blair Park was formally used as a doctor's surgery before it was sympathetically converted into a care home for the elderly. Blair Park has grown over the years, but still retains a warm, welcoming, family atmosphere.

In the spotlight this month...

Sarah Mckelvie – Home Manager

How long has Sarah been at Blair Park?

*I have been at Blair Park for 17 years.*

What do you like most about your role at Blair Park?

*I like to see how well the clients settle and the achievements they make. I also like to see how my staff flourish and become very competent. The diversity in the home are that no two days are the same.*

## Fundraising

The Christmas Bazaar held on December 2017 raised the magnificent sum of £614.07 for our Residents' Fund. This money raised is used to fund different activities and events for the residents.

An iPad has been bought from the Residents' Fund for our own use. Past and present music playlists have been created for the residents' listening and enjoyment.

We continue to raise money for our Residents' Fund with different activities and events throughout the year.

## February's Activities

In February we had "Unique" come in to the home to sing and entertain the residents. We call them "our very own Chas 'n' Dave". A good time was had by all.

All families and friends are welcome do come along and participate in any of the activities and entertainment.

If you wish to have dinner / tea with your loved one, please let us know so we can accommodate a meal for you.
