Getting to know our staff

How long has Tanya been working at St Stephens?

I have worked as a senior Healthcare assistant at St Stephens for 9 years.

What does Tanya like most about your role at St Stephens?

*Helping people gain new skills.
Spending time with the residents and seeing them happy.*

I would like to say a massive Thank You to all the team at St Stephens for all the Love and Support they have shown the residents during this difficult time.

Everyone has been so positive and always arrived at work with a smile.

Everyone has worked very hard to ensure all the residents stay safe.

We have started garden visits so our residents are able to see their loved ones.

This has been very positive for the residents at St Stephens and we would like to thank all their families for the support and understanding they have shown us.
