What has been happening at Chipps in July!

Here at Chippendayle, the activities team have been organising garden visits for the residents to see their families.

We have also been carrying on with video calls (Zoom, Facetime and Skype) with the residents and their family members.

This month, we have celebrated birthdays.

Had some tea tasting sessions.

As well as lovely flower arranging.

Upcoming Activities in August!

This month, we will be looking to do more group activities as well as continuing the garden visits and video calls with the family.

We have plans to redecorate the salon to make it more inviting to the residents and make it more of an experience for them.

There are several birthdays in August which we will be sure to celebrate.
