Puzzles

Bingo

Mature Projects

Word Searches

Observation Games

Gardening

## Resident Visits

It's wonderful for our residents to be able to have visits. To enable us to be able to accommodate your preferred date and time we would recommend booking early (7 days in advance)

Many thanks for your co-operation. We look forward to seeing you soon!

## Rosa's Round Up

Hi all,

We've had lovely weather throughout July and have made the most of it by being outside for most days. Live music has been greatly enjoyed as you can see by the photos. We ended the month with Gavin and The Writing Group performing songs specially written for Frank and Doris this month and included Shirley's from last month, they all recognised themselves in the song words and were delighted with the results.

We've also been gardening, a few of our keen gardeners have been weeding and marvelling at the fact that the tomatoes are back as well as one solitary cherry on one of the trees we planted last summer – were going to have to fight over it!

Many residents enjoyed following the Euro's and others the tennis throughout July – waving flags and shouting at the TV!

It's been lovely to see residents working together to do puzzles and jigsaws, helping each other and connecting socially – they are all getting a lot from the hand eye co-ordination – motor-skills games gets the cognitive skills tuned up.

It has been very nice to see families taking their loved ones to the park for half an hour and out to lunch, hopefully we might be able to get back to normal soon.

All the best and take care

Rosa xx
