Employee of the month:

Ellena

Comments include:

When I needed support emotionally, Ellena identified it of her own accord and gave care and compassion to me and made me feel better. (a relative).

When I needed extra information regarding a resident, Ellena was efficient and got it for me in a timely manner. DN.

Ellena always offers support to her team. Ellena is progressing with her NVQ 3 in health and social care to strengthen her knowledge and understand what underpins everything we do.
