Welcome to Blair Park

Originally built in the 18th century, Blair Park was formerly used as a doctor's surgery before it was sympathetically converted into a care home for the elderly. Blair Park is located in Milton Regis just off the A249 at Sittingbourne Kent.

At Blair Park, we are delighted to have been awarded the highest standard rating from Kent County Council, making us a preferred provider for them as well as other local authorities. Blair Park Care Home can accommodate up to 43 residents and we are able to accommodate funded as well as private clients, with a variety of accommodation choices. We have standard bedrooms, large en-suite bedrooms and large double rooms for married couples.

Blair Park Care Home prides itself on its social activities; we feel that social activities are important and help to improve our residents' quality of life. We have our own Activities Co-ordinator who organises on-site activities and arranges outings to a number of different venues in the vicinity. Professional entertainment is a regular feature at Blair Park: opera and classical singers from favourite shows, magicians and many other entertainers often visit our home. We also organise "wine and wisdom" evenings, summer fetes, and scone & tea parties. Families are always welcome at these events.

Facilities

Blair Park has grown over the years, but still maintains its homely atmosphere. The home benefits from a lovely, bright conservatory, overlooking the gardens to the rear, and a beautiful new extension that has been added to the front of the building. The front of the building features a patio area where residents can sit and relax on sunny days. The home also boasts two spacious lounge areas for residents to relax in, along with a spacious dining room, and we have both a regular passenger lift and stair chair lift for the benefit of residents who cannot climb stairs. Each room is fitted with a nurse call system, which can be used to call for immediate assistance, and all our rooms are fitted with a suite of furniture.

Food & Drink

We have a spacious dining room where meals are an important daily social event. The tables are laid with linen cloths and serviettes and all clients are offered a choice of where they would like to take their meals: either in the dining room or in their own rooms. We serve 3 meals a day, with residents able to choose from a selection of dishes for each meal. Our seasonal menu changes on a 4-weekly cycle and is designed to ensure that residents enjoy a well-balanced, nutritious diet. Our menus may vary slightly depending on the client's needs/like's.

Making The Right Choice

Our Aims and Objectives.

- ◆ We aim to provide a home from home environment with appropriate care and support from a well trained staff team to enable you to continue living your life in a safe and happy home 24 hours a day for as long as you need to..
- ◆ We will ensure that we work with you and your family, friends, advocates and other professionals involved in your life in gathering all the information we need to make sure we can meet your needs.
- ◆ We will build your Plan of care or Support Plan to reflect the information gathered so that everyone who needs to know can support you in your care needs as an individual.
- ◆ We will strive to meet and indeed exceed the Fundamental Standards of Quality and Safety as detailed within the Health and Social Care Act 2008 by:
 - conducting regular reviews and close monitoring of our services
 - welcoming complaints and compliments
 - listening to your views
 - acting on your views and comments in a timely fashion
- ◆ We want our residents and their families to be reassured that they are in a “Home for Life” but only where we can demonstrate that we can continue to meet that individual’s needs.
- ◆ Where an increase in needs is such that we cannot realistically and safely continue caring for an individual we will ensure that all the appropriate professionals are involved, we will support that resident and their family in finding alternative accommodation.

Further Questions & Answers

Information is essential to enable us to make informed decisions. In 1998 the Office of Fair Trading surveyed nearly 1000 residents of care homes, they found that fewer than 1 in 4 had received, or remembered receiving, any written information about the home before they moved in. Leaving your home and its familiar surroundings to move into a care home is a big step. It is therefore important that you look at all the choices that you have available to you first and find one that suits your needs before you make a decision
