Chippendayle Lodge Care Home is situated in the small, picturesque village of Harrietsham close to the town of Maidstone and all amenities.

Chippendayle Lodge is situated in the small, picturesque village of Harrietsham close to the town of Maidstone and its amenities. We provide services for residential care and clients living with dementia. We have 48 single bedrooms, and 2 double bedrooms for those wishing to share, with most bedrooms having en-suite facilities. The home provides long-term and short-term care, and respite care is also available, subject to the home having a vacancy at the time.

### Care

Chippendayle Lodge provides a safe and homely environment where our aim is to provide clients with a good quality of life whilst in our care. We understand how important privacy and dignity is to our residents: all members of our staff team are respectful of this and realise how important it is to the people entrusted to our care. At Chippendayle Lodge we believe life history is an invaluable tool, which can be used to tailor care for each individual. Our team works closely with all residents to ensure they receive care that is suited to their specific needs. Medical services are provided by local doctors and community nurses but clients can retain their own doctors when it is practical to do so. A hairdresser and chiropodist visit the home on a regular basis, and Holy Communion is held monthly for those who wish to take part

## Staff

Every member of our staff is dedicated to providing a high quality of care and is trained to a high standard. Our staff receive on-going training to ensure their skills remain up to date, attending first aid, medication, fire awareness, adult protection, moving & handling, dementia care and many other relevant training courses on a regular basis. This helps us to ensure that a high standard of care is provided at all times.

## Facilities

Much of Chippendayle Lodge is purpose-built, featuring large single bedrooms with en-suite facilities as well as two double bedrooms for couples. The home benefits from two large lounges, which are equipped with televisions for communal viewing and also two dining room areas which overlook the garden. All of our residents' rooms are fitted with a nurse call alarm system for when clients require assistance, and a suite of furniture for the storage of clothes and other belongings. Chippendayle Lodge has several bathrooms equipped with hoists to aid residents into and out of the bath, as well as wet rooms for those who prefer to shower. The home has a large garden and patio area, which residents use during the warmer months of the year to enjoy the sunshine. We also organise activities to take place throughout the day, as well as regular outings in the local area.

## Food & Drink

We offer all of our clients 3 meals a day (breakfast, lunch and high tea), as well as snacks and refreshments throughout the day. We offer a variety of dishes to choose from for each meal, with a seasonal menu that works on a 4-week cycle. All our food is freshly brought in, home-made and nutritionally balanced, which we feel is very important. Our menus may vary slightly depending on the client's needs/likes.

## Making The Right Choice

### Our Aims and Objectives.

- ◆ We aim to provide a home from home environment with appropriate care and support from a well trained staff team to enable you to continue living your life in a safe and happy home 24 hours a day for as long as you need to..
- ◆ We will ensure that we work with you and your family, friends, advocates and other professionals involved in your life in gathering all the information we need to make sure we can meet your needs.
- ◆ We will build your Plan of care or Support Plan to reflect the information gathered so that everyone who needs to know can support you in your care needs as an individual.
- ◆ We will strive to meet and indeed exceed the Fundamental Standards of Quality and Safety as detailed within the Health and Social Care Act 2008 by:
  - conducting regular reviews and close monitoring of our services
  - welcoming complaints and compliments
  - listening to your views
  - acting on your views and comments in a timely fashion
- ◆ We want our residents and their families to be reassured that they are in a “Home for Life” but only where we can demonstrate that we can continue to meet that individual’s needs.
- ◆ Where an increase in needs is such that we cannot realistically and safely continue caring for an individual we will ensure that all the appropriate professionals are involved, we will support that resident and their family in finding alternative accommodation.

## Further Questions & Answers

Information is essential to enable us to make informed decisions. In 1998 the Office of Fair Trading surveyed nearly 1000 residents of care homes, they found that fewer than 1 in 4 had received, or remembered receiving, any written information about the home before they moved in. Leaving your home and its familiar surroundings to move into a care home is a big step. It is therefore important that you look at all the choices that you have available to you first and find one that suits your needs before you make a decision
