On the ground floor, there is a large dining room area which has an open aspect to the day room. The dining room leads directly onto a patio and flower garden where residents, family and friends can take refreshments and enjoy quality time together in the sunshine.

The home has a lift to assist residents up and down from their bedrooms. Each room is fitted with a call bell system, which can be used to seek assistance and all our bedrooms are fitted with a suite of furniture.

## Food & Drink

We offer home-cooked food and ensure that there is always a good choice for our residents to choose from. Special dietary needs are catered for and residents who need additional support with eating and drinking are assisted in a dignified and discreet manner. Our menus are constantly monitored by the Manager and a nutritionist is involved in any changes that may be necessary.

We offer all our clients 3 meals a day, which are breakfast, lunch and high tea, as well as snacks and refreshments throughout the day. We offer a variety of dishes to choose from our menu each day for each meal. Rosewood has a seasonal menu, which works on a 4 weekly cycle. ## Further Questions & Answers

Information is essential to enable us to make informed decisions. In 1998 the Office of Fair Trading surveyed nearly 1000 residents of care homes, they found that fewer than 1 in 4 had received, or remembered receiving, any written information about the home before they moved in. Leaving your home and its familiar surroundings to move into a care home is a big step. It is therefore important that you look at all the choices that you have available to you first and find one that suits your needs before you make a decision
